501

Ductile iron pipe coupling with interchangeable gaskets and color-coded end rings

- Flexibly couples pipe of same or different diameters.
- For pipe sizes 2"–24"
- Manufactured in the U.S.A.

XR501

Extended range pipe coupling

- Flexibly couples pipe of widely different diameters (a range of IPS through class 200 A/C pipe).
- For pipe sizes 4"–12"
- Manufactured in the U.S.A.

RC501

Ductile iron reducing pipe coupling

- Flexibly couples pipe of different diameters.
- For pipe sizes 3"–24"
- Manufactured in the U.S.A.

EC501

Ductile iron end cap coupling

- For testing or capping of a pipeline.
- For pipe sizes 4"–16"
- Manufactured in the U.S.A.

IC501

Ductile iron coupling with insulating boot, stops electrolytic action by isolating one pipe from the other

- Couples pipes of dissimilar metals. Flexibly couples pipes of same or different diameters.
- For pipe sizes 4"–14"
- Manufactured in the U.S.A.

FC501

Ductile iron flanged coupling adapter with interchangeable end-ring and gasket

- Provides a flexible flanged to plain end connection.
- For pipe sizes 3"–16"
- Manufactured in the U.S.A.
