

# MJxIPS TRANSITION GASKET

## SUBMITTAL INFORMATION

## USE

For adapting iron pipe size pipe to cast iron mechanical joint fittings, per AWWA C111 dimensions.

## MATERIALS

Gaskets are made from virgin Styrene Butadiene Rubber (SBR) compounded for water and sewer service in accordance with ASTM D2000 MBA 710 – 90 and are compounded of a NSF 61 certified rubber. Other compounds available on request.

## PRESSURE

When properly installed these gaskets can be used at working pressures up to 350 psi or the pressure rating of the pipe, which ever is less.

## SIZES

2 inch through 12 inch. Larger sizes available on request.
