

MJ GASKET (MJ x CI)

SUBMITTAL INFORMATION

USE

For adapting ductile iron size pipe to mechanical joint fittings, per AWWA C111 dimensions. Known in the industry as an "MJ Gasket".

MATERIALS

Gaskets are made from virgin Styrene Butadiene Rubber (SBR) compounded for water and sewer service in accordance with ASTM D2000. This compound is NSF61 Compliant. Other compounds available on request.

PRESSURE

When properly installed these gaskets can be used at working pressures up to 350 psi or the pressure rating of the pipe, which ever is less.

SIZES

3 inch through 24 inch. Larger sizes available on request.
